

Woxsen VR Campus Tour

The Woxsen University VR Campus Tour is an innovative digital twin experience designed to provide an immersive virtual exploration of the campus. This virtual reality (VR) tour enables parents and prospective students who cannot physically visit the campus to experience its facilities from anywhere in the world. Through this VR experience, users can explore classrooms, hostels, and various amenities like SportX and Race, gaining a comprehensive understanding of the campus environment and its offerings.

Features

1. **Interactive 3D Campus Model:** A fully immersive digital replica of Woxsen University's campus, allowing users to navigate through different buildings and areas.
2. **Detailed Room Exploration:** Virtual access to classrooms, hostels, and common areas, with detailed views and information about each space.
3. **Facility Highlights:** Showcases specialized facilities such as SportX, a state-of-the-art sports complex, and Race, an advanced research and innovation center.

Benefits/Impact

1. Enhanced Accessibility
2. Informed Decision-Making
3. Increased Engagement
4. Showcase of Facilities
5. Convenience and Flexibility
