

Woxsen Campus Mart

1. Introduction

The AI Research Centre has developed the Campus Marketplace, a user-friendly web application that allows students and faculty to buy and sell items on campus. This platform not only makes it easy to post classifieds but also fosters a community-oriented approach to resource sharing and sustainability.

2. Key Features

- **User-Friendly Interface:** The web app is designed to be intuitive, allowing users to navigate easily.
- **Free Classifieds:** Users can post their items for sale without any fees.
- **Search Functionality:** Users can search for specific items or browse categories.
- **User Profiles:** Each user can create a profile to manage their listings and transactions.
- **Messaging System:** Facilitates communication between buyers and sellers directly through the app.
- **Sustainability Initiatives:** Encourages the reuse of items to promote a greener campus.

3. Getting Started

- **Create an Account:** Sign up or log in as a student/faculty member.
- **Post Listings:** Click on “Post a Listing” to add your items for sale. Include images, descriptions, and pricing.
- **Browse Listings:** Explore available items by categories or use the search bar to find specific products.

4. Sustainability Impact

The Campus Marketplace encourages a culture of reuse by allowing students to give new life to unused items, reducing waste on campus. This initiative supports sustainable living and fosters a sense of community through shared resources.
